

Marina Batlló Rius

Consultant | Data & Digital Transformation | Analytics

marinabatllo7@gmail.com | +34 677247057 | Barcelona, Spain

PROFILE Consultant with experience delivering data-driven strategy and BI transformation projects for multinational clients (Bimbo, Danone, Suntory). Background in bioengineering and MSc in Human-Computer Interaction, combining strong analytical skills with product mindset and stakeholder-oriented delivery. Experienced in building data governance frameworks, automating analytics pipelines, and developing internal tools that improve operational efficiency.

EMPLOYMENT HISTORY

- Feb-2025 - Present

Barcelona, Spain

Data Scientist Consultant, GLOBALPRAXIS

- Supported strategy consulting engagements for multinational FMCG clients (Bimbo, Danone, Suntory), delivering analytical insights to guide decision-making.
 - Designed and developed an internal analytics tool that doubled audit efficiency through automation and improved reporting workflows.
 - Applied AI-driven analysis to identify performance drivers and improvement opportunities.
- Feb 2023- Feb 2025

Barcelona, Spain

Data manager & UX designer, VITALA

- Led the design and implementation of the Data Management Plan (data governance, cybersecurity, ETL processes).
 - Automated analytics pipelines for NMR/MRI datasets, improving reliability and speed.
 - Developed an internal data analysis software solution, delivering results 4x faster and enabling scalable reporting.
 - Coordinated UX research and interface design to ensure adoption across technical teams.
 - Supported ML development for biomarker identification and toxicity prediction.
- Nov 2023- Jun 2023

Leuven, Belgium

AI Developer & Researcher, Nerf, IMEC

- Built an end-to-end data pipeline for brain imaging datasets to support AI model.
 - Developed a classification model for pain detection in rats achieving 90%+ accuracy.
 - Conducted performance analysis and model evaluation to support decision-making.
 - Contributed to scientific publications and research outputs.
- Jan 2021- Feb 2023

Barcelona, Spain

Computational Researcher, UIC Barcelona

- Designed computational models for an electronic nose prototype applied to food and health use cases.
 - Developed data analysis workflows and visualization dashboards for experimental datasets.
 - Built predictive models for wine differentiation achieving 95%+ accuracy.

EDUCATION

- Sep 2021- Jun 2023

MSc in Human Computer Interaction, Utrecht University

Graduated with honours in Advanced psychology and Recommender systems
- Sep 2017- Jun 2021

Bioengineering, International University of Catalonia

Scholarship for academic success, top 3 of the class.
Graduated with honours in: Programming, Ethics, 3D printing and Bioprinting, Bussiness and Society and Biomaterials
- Sep 2023-Present

Hisotry, Geography and Art History, Open University of Catalonia

Honours in Art History

SKILLS

- Analytics Automation (Python, SQL, MATLAB)
 - Strategy & Business Insight Generation

- Stakeholder Management & Cross-functional Collaboration
 - AI Frameworks (ML, LLM, NLP)

- Digital Transformation & Process Optimization
 - Data-Driven Decision Making
