

Marina Batlló Rius

Bioengineer | Computational Scientist | Biomedical Data & Imaging

marinabatllo7@gmail.com | +34 677247057 | Barcelona, Spain

PROFILE Bioengineer with strong experience in biomedical data analysis, experimental pipeline automation, and imaging-based AI models (MRI/NMR). Proven track record developing ML algorithms for biomarker discovery and drug toxicity prediction, improving experimental throughput and accelerating analysis workflows. MSc in Human-Computer Interaction, bringing additional expertise in scientific software usability and interface design.

EMPLOYMENT HISTORY

Feb-2025 - Present	Data Scientist Consultant, GLOBALPRAXIS - Applied analytics and AI methods to support strategic decision-making in multinational projects. - Applied AI-driven analysis to identify performance drivers and improvement opportunities.
Feb 2023- Feb 2025	Data manager & UX designer, VITALA - Developed and implemented a full Data Management Plan including governance, cybersecurity, ETL design and traceability. - Automated analysis pipelines for NMR and MRI experimental datasets, ensuring reproducibility and standardized output reporting. - Built scientific data analysis software improving processing speed by 4x. - Developed machine learning algorithms to identify carcinogenic biomarkers and predict drug toxicity. - Led a process redesign that increased experimental throughput by 8x.
Nov 2023- Jun 2023	AI Developer & Researcher, Nerf, IMEC - Built a data pipeline for brain imaging experiments supporting AI model training and evaluation. - Developed a pain classification model in rodents with 90%+ accuracy. - Performed experimental data analysis and model validation to optimize predictive performance. - Supported research outputs and scientific publications.
Jan 2021- Feb 2023	Computational Researcher, UIC Barcelona - Designed computational models for an electronic nose for food and health applications. - Conducted exploratory data analysis and visualization on large sensor datasets. - Built predictive models for wine differentiation with 95%+ accuracy.

EDUCATION

Sep 2021- Jun 2023	MSc in Human Computer Interaction, Utrecht University Graduated with honours in Advanced psychology and Recommender systems
Sep 2017- Jun 2021	Bioengineering, International University of Catalonia Scholarship for academic success, top 3 of the class. Graduated with honours in: Programming, Ethics, 3D printing and Bioprinting, Bussiness and Society and Biomaterials
Sep 2023-Present	Hisotry, Geography and Art History, Open University of Catalonia Honours in Art History

Catalan	Native
English	Highly proficcient

COURSES

Full stack Engineer	CodeAcademy, Jan 2023-Jan 2024
Top Rosies AI	UPC, Sep 2021-Jun 2022
Excel Expert Certificate	CepiBase, Feb 2019-Sep 2019
